LOYOLA OF MONTREAL

DEPARTMENT OF PHYSICAL EDUCATION AND ATHLETICS

1971-1972 REPORT

The 1971-72 season at Loyola's Athletic Department was in many ways a milestone.

Most important was the announcement that a new Sport Science Course was being inaugurated, this being the forerunner of a major in Bio-Physical Education, which was also approved.

Despite budgetary cutbacks the Department of Physical Education and Athletics succeeded in presenting a full slate of sports and activities on the club, recreational, intramural and intercollegiate levels.

Approximately 1800 students participated in the organized athletic program, while countless others took advantage of the Complex facilities on a recreational and unstructured basis.

Facilities both on and off campus received maximum use by clubs and by teams that participated favorably in the newly formed Quebec University Athletic Association.

In 1971-1972 there were several staff changes in the Department of Physical Education and Athletics. The old and the new were blended successfully under Director, Mr. E. F. Enos, as this past year represented a stepping stone towards a future that will embrace both an academic physical education program and an extra-curricular athletic program.

MEN'S ATHLETICS

INTRAMURALS

Participation was the theme of this year's intramural program at Loyola. Twenty teams participated in broomball, eighteen in football, and ten in basketball. In addition, tournaments were held in soccer, badminton, table tennis, weightlifting, golf and tennis. The strong hockey program also attracted 20 teams.

All told, approximately 1000 male students, 35% of male day students, were involved in intramurals this year at Loyola.

The intramural "Club of the Year" was the Bridge Club while the "Male Athlete of the Year" was a tie between John Rochon and Ron Corcoran.

INTERCOLLEGIATE

The intercollegiate season at Loyola was once again marked by the outstanding success of its Varsity and Junior Varsity Teams.

The Soccer Warriors went through the QUAA season undefeated, capturing the league title and representing the conference in the National Championship Tourney in Sudbury, Ontario, where they finished third. Their overall season record was an impressive 11-1-1.

In football, a young Loyola Team surprised the pigskin prognosticators by finishing in second place in the league, compiling a 5-1-1 overall mark.

The Warrior Basketball squad, another young and inexperienced delegation, finished the QUAA season in first place but were upset in the playoff finals. The team compiled a more than respectable 26-12 overall record.

This year's Loyola Hockey Team had an outstanding season. They finished with a 27-3-3 record against all competition and finished in 1st place in league play before being upset in the playoff finals.

On the Junior Varsity scene, the JV Hockey squad captured the QUAA section "B" title and the JV Basketball Warriors finished in 1st place in Section "B" but were eliminated from the playoffs on a technicality.

WOMEN'S ATHLETICS

INTRAMURALS

During the 1971-72 school year approximately one-quarter of the female students at Loyola participated in intramural activities. The bulk of the competitors were involved in the highly successful hockey, volleyball, and basketball noon-hour programs.

Badminton, tennis, golf, and table tennis were run on a tournament basis, and were well attended, but the team sports remained the most popular.

The aggregate point trophy was awarded to the "Snoopies" who were finalists in basketball and volleyball, as well as intramural hockey champions.

INTERCOLLEGIATE

The basketball Tommies surprised everyone by winning the QUAA Section "B" semi-final before losing out to Macdonald College in the league final.

Although their overall record of 6-14 does not seem impressive, it was the Tommies' best showing to date. High scorer and most valuable player was Diane Quart.

Volleyball returned to Loyola after a two (2) year absence and the inexperienced Tommies finished last in league competition. They did, however, enjoy a certain measure of success with exhibition wins against MacDonald and Dawson. Most valuable player award went to Diane Quart.

Although there was no QUAA hockey competition this year, a Varsity Team was formed in January from an intramural All-Star nucleus. This team represented Loyola in exhibition games and tournaments and posted a respectable record of 7 wins, 3 losses and 2 ties.

The highlight of the hockey season was the Loyola Invitational Tournament which featured the Cornell Big Red from Ithaca, N.Y., the Brown University Pandas from Providence, Rhode Island, and the Ryerson Ryettes from Toronto, in addition to the Loyola Tommies. The Tommies defeated Ryerson 10-3 in the opener and then lost a heartstopper to the Pandas from Brown 5-4 in double overtime of the championship game. Diane Quart and Sue Martin were selected as tournament all-stars.

The Loyola Cheerleaders and Majorettes once again contributed favorably to the athletic program at the Complex. In addition to football and basketball duties the cheerleaders also invaded the rink to drum up some excitement.

The majorettes performed creditably at football games, featured basketball games, and at special events such as Participation Canada Night & the Annual Christmas party held at the Complex.

CO-ED CLUBS

There was something for everyone this year in Loyola's Co-Ed Club program, where the emphasis was on activity and learning in a relaxed social setting. Students could choose from an extensive list which included: aikido, archery, badminton, curling, fencing, figure skating, judo, karate, modern dance, sky-diving, swimming, table tennis, tai chi-chuan, and yoga.

Boxing and wrestling, although non co-ed sports, were introduced at Loyola for the first time this past year.

The high point of the year for all clubs was Sport Participation Canada Night when participants demonstrated their various skills before a large audience at the Athletic Complex.
